

Meatball Machine

Equipment Characteristic

The entire machine is made of stainless steel, featuring a reasonable design and easy operation. Key components are made from imported materials and manufactured using a machining center. The main transmission and control parts are all imported components, enhancing the machine's operational precision and service life. This ensures manufacturing accuracy, safety, and reliability.

Model	SRYJ-010	SRYJ-015
Power(kw)	1.1	1.47
Speed	variable frequency drive speed control	variable frequency drive speed control
Mold Dimensions(mm)	Kurang dari sama dengan 45	45-75
Main Unit Dimensions(cm)	88 * 41 * 170	90 * 55 * 180
