

TURKEY HOCK AND NECK CUTTER

Model CPP

The Jarvis Model CPP – pneumatically powered hock and neck cutter for turkey, goose, ostrich, pork and cattle.

JARVIS

- Absolutely the most durable, trouble-free hock and neck cutter available.
- No springs—pneumatic blade opening and closing ensure no downtime due to spring failure.
- More power - the Model CPP does not have to overcome springs; all air pressure is converted into cutting force.
- Rugged construction for low maintenance.
- Constructed from corrosion-resistant materials for optimal hygiene.
- Meets national and international safety and hygiene requirements.

DURABLE - NO SPRINGS - NO DOWNTIME
