

Turbo Trimmer

The electric trimmer is the primary handpiece; we will sell more of than the pneumatic. We want to ensure to show all of the size options. This tool is pretty standard; however, the main difference is the safety handle. Six different head sizes (350, 500, 700, 900, 1000, 1300) give customers flexible options when choosing the correct trimmer for the desired application.
