

CHICKEN HOCK AND NECK CUTTER

Model CPE

Part Number :4304003

The Jarvis Model CPE - pneumatically powered hock and neck cutter for chickens, turkeys, ducks, geese and game birds.

- The Model CPE is the fastest, most durable, chicken hock and neck cutter of its size.
- No springs—pneumatic blade opening and closing ensure no downtime due to spring failure.
- Operator fatigue is reduced by the unique air trigger system.
- More power - the Model CPE does not have to overcome springs; all air pressure is converted into cutting force.
- Rugged construction for low maintenance.
- Constructed from corrosion-resistant materials for optimal hygiene.
- Meets national and international safety and hygiene requirements.
