

# Basket Washer RCF-708

The machine automatically cleans various types of baskets. High-volume air knives can be added to remove surface moisture, as per customer requirements. A high-temperature drying system removes residual moisture and sterilizes the containers, enabling rapid turnover.

|                |                                                      |
|----------------|------------------------------------------------------|
